- English
- Hindi

Experience

Innova Solutions (June 2022 - Present)

Contributed to the success of three diverse projects, showcasing a versatile skill set and commitment to excellence

Projects

• Milestone (pControl)

- Initiated and contributed to the development of a fund management product, specializing in frontend work.
- Implemented key functionalities using libraries such as React, Ag-Grid, Redux-Saga, Highcharts, Hooks, and Jest to ensure a seamless and feature-rich user experience.
- Implemented reusable and scalable components, leveraging React's virtual DOM and component lifecycle for optimal performance.
- Improved the overall application performance by 20% through continuously improving coding standards and implementing best practices.

• Al-Muzain

- Contributed to the development of a financial web application for a banking company using Angular Framework, NgRx, and essential libraries like ng-bootstrap and ngx-charts.
- Integrated RESTful API and utilized Jasmine and Karma for comprehensive unit testing, ensuring a robust and reliable codebase.
- Actively worked on SQL for robust database integration, enabling efficient and secure storage and retrieval of financial data.

• Employee360

Played a pivotal role in leading the team for the development of an internal project using React, Styled components, Hooks, Bootstrap, and other relevant technologies. Recognized as the top performer, contributing to the project's success through effective collaboration and innovative solutions.

Forsk Technologies (Aug - Oct 2021)

Completed a comprehensive internship at Forsk Technologies, specializing in Python. Gained hands-on experience with essential libraries such as NumPy, Pandas, and Dash.

Industrial training AWS (Feb - July2021)

Completed industrial training in AWS Academy Cloud Foundations, successfully passing the associated examination and earning certification as an AWS Academy Graduate in Cloud Foundations.

Education

Medicaps University, Indore, M.P

Bachelor of Technology (CS)
2018 - 2022

Achievements

- Star performer in the Employee360 project.
- Innova Magazine 2022 : Featured as innovative fresher of the Year
- National level Table-tennis player and state level in football.
